DELIGHT *EFFORTLESSLY*

TAMPA BAY
FLORIDA

*With miles of dazzling waterfront, authentic culture, cuisine and nightlife,
Tampa Bay has a million ways to play. All with an easy, laidback vibe.*

VISITTAMPABAY.COM

Since its inception, Tampa Bay has flourished because of the diversity of its people. From the early 1800s, when our destination was a little more than a military outpost and fishing village, to the present day's booming metropolis. This community has thrived because of a blend of people and cultures that have created the unique and memorable experiences that make Tampa Bay Florida's top destination for visitors and meetings.

Cuban cigar rollers and African American musicians helped lay the foundation for the heart of Florida's Gulf Coast, which remains a magnet for fortune-seekers who add their unique flavors to the mix of local life.

The arrival of Henry Plant's railroad and Vicente Martinez Ybor's cigar factory in the mid-1880s turned Tampa Bay into a thriving area for immigrants from Cuba, Spain, Italy, Germany, Eastern Europe, and beyond – supercharging its diversity, industry, and creativity.

Our development has come with trials and lessons, but we have grown stronger as a community through those struggles. We celebrate our diverse community year-round with festivals, parades, and restaurants that fuse the best part of our kaleidoscope of cultures into unique creations.

Wherever you're from, we know you will easily find yourself reflected in the people you meet here. While here, you will experience languages, rituals, and cultures you've never known. Simply put, its multicultural charm is Tampa Bay's most significant treasure. Treasure Awaits!

WATCH THE VIDEO

Tampa Bay's earliest days mirrored the success of its people. Today, we experience a modern city with a foundation laid by Cuban cigar rollers on Seventh Avenue, legendary Black musicians of Central Avenue, and rich lands from the Tocobaga people. Tampa Bay's distinctive history of settlers whose influence is reflected in today's community that is rich in diversity and honors the past while remaining firmly rooted in the present.

ALL ARE WELCOME

FROM ITS EARLIEST DAYS, Tampa Bay has thrived on the diversity of its people. Cuban cigar rollers and Black musicians helped lay the foundation for a modern metropolis that remains a magnet for fortune seekers from across the country and around the world. Every newcomer adds their own unique flavor to the mix of local life. Wherever they come from, visitors easily find themselves reflected in the people they meet here. They also experience languages, rituals and cultures they've never known. Italian and Spanish-speaking visitors may even get to read about the city in their native tongue thanks to *La Gaceta*, the country's only trilingual newspaper. Simply put, multicultural charm is Tampa's greatest treasure.

The city's diversity gives Tampa Bay an energy unlike any other in the world. The beat that reverberates from the streets and the water no doubt served as inspiration when Ella Fitzgerald wrote her breakout single, "A Tisket, A Tasket," when Ray Charles penned his first song and when the twist dance craze took the country by storm. Feel this energy in everything from nightlife and local music to live theater and culinary masterpieces.

While you're in Tampa Bay, embrace this eclectic vibe by trying something new. The streets are lined with culture and all are welcome to expand their minds and partake in new tastes. This diversity is celebrated year-round with festivals, parades and restaurants that fuse the best part of Tampa's kaleidoscope of cultures into unique creations.

Tampa Pride

Omega Psi Phi Fraternity, Inc.

Speaking of welcoming everyone, Tampa elected—in a landslide victory—Mayor Jane Castor, the first openly gay mayor of a major southeastern city. You'll see her at the annual Tampa Pride in March, with the annual Tampa Pride Diversity Parade winding through Ybor City and the Tampa International Gay & Lesbian Film Festival in October, which has been showcasing LGBTQ+-focused stories for more than 30 years. "One comment that I hear more than anything is how friendly this city is and how accepting we are of everyone," says Mayor Castor. "I don't know if you could boil a city's reputation down to one sentence that would be better than that."

Come as you are and you will no doubt be welcomed with open arms. Tampa Bay's diverse blend of people and cultures is the foundation of its success as a welcoming community open to new ideas and new visitors. "You will feel special," says Grace Yang of the Asian Pacific American Bar Association. "You will feel that attention and love."

J.C. NEWMAN CIGAR CO.

Ybor City's history has been paved in the bricks along La Séptima (Seventh Avenue), where Cuban torcedores (cigar rollers) still make hand-rolled cigars, as they have since 1885. At the industry's peak a century ago, Tampa Bay's 200 factories and workers produced more than 500 million cigars a year, earning the community the nickname "Cigar City." Today, Ybor City is home to **J.C. Newman Cigar Co.**, America's oldest family-owned cigar company, and the last operating factory in Cigar City. Visitors can tour the factory or even try their hand in the newly offered hand-rolling classes.

LA CASITA

When cigar factories were the primary industry in Tampa Bay, casitas were provided to cigar workers during their employment in the factories. The two-bedroom casitas housed the workers' families, sometimes even grandparents. When visiting the casitas at the **Ybor History Museum**, visitors can learn about the nail outside of the door, which was meant to hold a loaf of Cuban bread that was delivered fresh each morning, and so many more engaging facts about the early dwellings of cigar workers.

Take a Look Inside The History Vault

VISITORS DON'T NEED A PASSPORT to experience Tampa Bay's international influence that tells a unique story that is rich in culture and tradition. The history of this extraordinary destination spans the globe that includes Spanish, Cuban, Italian and German immigrants whose ingredients became the framework for the creation of the famous Cuban Sandwich. Tampa Bay has become a melting pot of cultures that are represented throughout the streets of Historic Ybor City, paved along Perry Harvey Sr. Park and sprinkled down the dazzling Hillsborough River.

From the Tocobaga Indigenous settlers in the first century to Henry B. Plant creating Tampa's industrial foundation and Vicente Martinez-Ybor creating a home for innovators and craftsmen that would soon give Tampa Bay the title of cigar capital of the world. Today, the heart of Florida's Gulf Coast is home to over 130 nationalities including Irish, Puerto Rican and Asian Americans whose Chinese- Cuban ancestors migrated to Tampa in the 1880s.

Leaders Row at Perry Harvey Sr. Park

THE EARLY SETTLERS

Reach further back in time to Tampa Bay's first indigenous settlers. The Tocobaga and Timucua were among the first groups to make this thriving city their home. For thousands of years before the arrival of European explorers, other native groups such as the Seminoles of Coacoochee became a part of the foundation of Tampa. The influence of each of these groups can be found in museums such as the **Tampa Bay History Center**, historical landmarks and even in some native-inspired dishes at the popular restaurant, **Ulele**.

CUBA WITHOUT A PASSPORT

Take a stroll down the historic Seventh Avenue in Ybor City and envision a time remembered with cigar rollers on every corner, live music with the smell of café con leche and fresh Cuban bread in the air. Visitors can still grab a delicious café con leche and watch the craft of cigar rolling at J.C.

Newman, America's oldest family-owned cigar factory.

The rich history of the Latin Quarter is alive through the landmarks that are still standing, such as "Casitas", homes of the Cuban cigar rollers.

"Casitas" were built by Vicente Martinez-Ybor, founder of Ybor City, to house cigar workers and their families in the late 1800s. Cubans lived beside Italians who lived beside the Spanish, creating a blend of cultures that lives within Tampa Bay.

HARLEM OF THE SOUTH

Step out of the Latin Quarter and onto the jazzy Central Avenue, a mecca for Black musicians, Civil Rights leaders and the heart of Tampa Bay's African American community. **Perry Harvey Sr. Park** tells the story of the African American influence through music and bustling businesses that lined the Central Avenue district. The "Chitlin Circuit" drew in famous musicians such as Cab Calloway, Ella Fitzgerald and Ray Charles.

HISTORICAL MONUMENT TRAIL

On a walk through a new city, it's nice to have something to guide you along your path and highlight some local history along the way. That's where the **Historical Monument Trail** comes in. Thirty bronze and marble busts honor local people and cultures instrumental in the history of this incredible place. Here are stories from a heroic WWII physician, Clara C. Frye to a suffragette who created a fund to aid widows and children to Florida's first native-born governor, who was an early champion of civil rights. Not only is this a great way to learn history, it's inspiring to stand face-to-face with these great citizens. Equally inspiring is the range of public artwork that follows the flow of the river.

Walk through a towering modernist entryway composed of steel, become entranced by a 200-foot-long span of colorful glass panels, be mesmerized by a wall that changes color as you pass by, pique your curiosity by the enigmatic 23-foot-tall face of a woman and find hundreds of images blended together in a photographic quilt that reflects the beauty of the river.

JOSE MARTÍ PARK

The park at the corner of 8th Avenue and 13th Street is owned by the people of Cuba. For nearly six decades, it was the only piece of Cuban-owned land in the United States until the Cuban Embassy in Washington, D.C., in 2015. The park is fenced and locked at night. Visitors during the day will find a statue of Martí along with marked plots of earth from different parts of the island where landscaping grows.

Martí lived in exile during the years he fought for his homeland's freedom from centuries of Spanish rule. He made frequent visits to Tampa Bay, where thousands of Cuban cigar rollers and Spanish factory owners like Vicente Martinez Ybor – the neighborhood's founder and namesake – provided essential moral and financial support to Martí and his cause.

Martí called Tampa Bay “el pueblo fiel” (the faithful town).

THE Thrill OF IT ALL

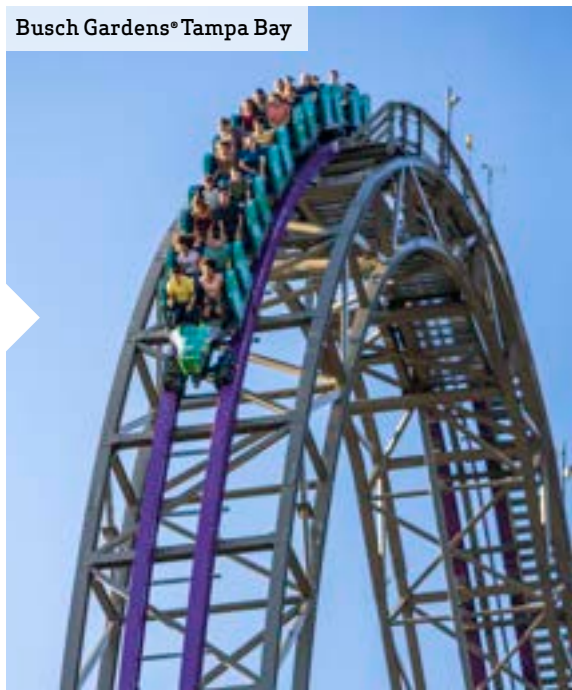

A TRIP TO TAMPA BAY is bound to be full of great culture, history and food, but the best vacation itineraries don't skip on excitement and thrills. Live life a little more extreme and get the fear center of your brain lighting up at these four attractions that will have you zipping, flying, dropping and sliding your way through Tampa Bay.

BUSCH GARDENS® TAMPA BAY

Welcome to the thrill capital of Florida. With more large coasters and thrill rides than any theme park in the Sunshine State, Busch Gardens® Tampa Bay is a must-visit for those who like a day of screaming from high places. From classics such as **Kumba** and **Montu**, both of which will twist and turn you into a human pretzel, to the all-new coaster king, **Iron Gwazi**, which is the world's fastest and steepest hybrid coaster. Will your scream just go back into your mouth down a 91-degree drop? Probably.

Busch Gardens® Tampa Bay

Adventure Island

ADVENTURE ISLAND

A relaxing float down a lazy river is nice, but you go to a waterpark for the slides—and the wilder the better. Adventure Island has some amazing slides, such as **Colossal Curl**, the ultimate family thrill slide complete with funnel and wave elements, or, a fan favorite, **Vanish Point**, a slide that literally pulls the mat from under you as the bottom drops out. For even more thrills, splash down **Rapids Racer**, a dueling waterslide, and **Wahoo Remix**, a new spin on an old classic.

EMPOWER ADVENTURES

Ziplines are a fantastic way to see Florida's natural beauty with a touch of adrenaline. Empower Adventures, located in the stunning **Mobbly Bayou Wilderness Preserve**, is a great location for the experience. High above the bayou, try the two-and-a-half-hour zipline adventure that will have you zooming above the palm trees. Or, when the sun goes down, take a moonlight zip tour.

Empower Adventures

ZooTampa at Lowry Park

ZOOTAMPA AT LOWRY PARK

Seeing endangered, threatened and vulnerable animals up close is already thrilling, but ZooTampa at Lowry Park raises the excitement with **Roaring Springs**. The perfect way to cool down for the whole family, this boat ride sends you down a three-story drop and creates an epic splash. If you somehow didn't get wet enough the first time, walk up the boardwalk and get drenched when the next boat plummets down the drop.

iFLY TAMPA

Jumping out of an airplane might seem thrilling to some, but that first step out of the aircraft is more terrifying than anything else. The best part of skydiving is that weightless fall, and at iFly Tampa, you can do just that. Powered by powerful fans that force air through a proprietary wind tunnel, iFly propels guests of all ages (3 to 103) on a cushion of air that simulates skydiving. Their fantastic staff will get you oriented and flying safely, so you can spend more of your vacation enjoying airtime.
